Marijuana Banking Update

Depository Institutions (by type) Providing Banking Services to Marijuana-Related Businesses¹ (SARs filed through 31 March 2021)

Quarters are for Fiscal Years

Short-term declines in the number of depository institutions actively providing banking services to marijuana-related businesses (MRBs) may be explained by filers exceeding the 90 day follow-on Suspicious Activity Report (SAR) filing timeframe. Several filers take 180 days or more to file a continuing activity report. After 90 days, a depository institution is no longer counted as providing banking services until a new guidance-related SAR is received.

The number of depository institutions (DIs) banking marijuana-related businesses (MRBs) appears to have leveled off from a decline that started at the end of the 1st Quarter FY2020 (December 2019) (see figure 2). The decline coincided with the release of guidance by FinCEN and financial regulators on providing financial services to customers engaged in hemp-related business activities.² The COVID-19

pandemic may be adding to this apparent decline due to state imposed restrictions or closures and potential delays in SAR filings.^a

Number of Depository Institutions Actively Banking Marijuana-Related Businesses in the United States (Reported in SARs)

As of 31 March 2021, FinCEN had received a total of 186,151 SARs using the key phrases associated with MRBs. Several of the SARs contain more than one key phrase, which accounts for the numbers for each key phrase being greater than the total.

- FinCEN received 143,521 SARs from filers using the key phrase “Marijuana Limited.”
- FinCEN received 13,429 SARs from filers using the key phrase “Marijuana Priority.”
- FinCEN received 38,858 SARs from filers using the key phrase “Marijuana Termination.”

¹ FinCEN’s 2014 Guidance specifies three phrases for describing a financial institution’s relationship to MRBs in SARs:

- The **Marijuana Limited** filing means the financial institution’s due diligence indicates that the MRB does not raise any of the red flags as defined in the Cole Memo and is compliant with the appropriate state’s regulations regarding marijuana businesses. The financial institution is providing banking services to the MRB.
- The **Marijuana Priority** filing means the financial institution’s due diligence indicates that the MRB may raise one or more of the red flags as defined in the Cole Memo or may not be fully compliant with the appropriate state’s regulations regarding MRBs. The financial institution is providing banking services to the MRB while further investigation is being conducted.
- The **Marijuana Termination** filing means the financial institution’s due diligence indicates that the MRB raises one or more of the red flags as defined in the Cole Memo, or is not fully compliant with the appropriate state’s regulations regarding MRBs, or has decided not to have marijuana related customers for business reasons, and the financial institution has decided to terminate its relationship with the MRB.

^a A number of the COVID-19 SARs have cited limited face-to-face meetings with customers due to reduced branch hours and closure.

The complete document referenced is “BSA Expectations Regarding Marijuana-Related Businesses” issued on February 14, 2014, <https://www.fincen.gov/resources/statutes-regulations/guidance/bsa-expectations-regarding-marijuana-related-businesses>.

Note: The SAR reporting structure laid out in the 2014 guidance remains in place. FinCEN will continue to work closely with law enforcement and the financial sector to combat illicit finance, and we will notify the financial sector of any changes to FinCEN’s SAR reporting expectations.
