RIN 1506-AA85

To whom it may concern:

After reading in detail all of the points made in the Advance Notice of Proposed Rulemaking (ANPR) related to MSB's, I must inform you that we have not had any problems with the financial institution that we currently bank with. We had problems with our previous financial institution over five years ago, but since we moved our account to JP Morgan Chase, we have not had any problems since.

Thank you,

Paulette Chame
Vice – President
